Any Queries? <https://bit.ly/tigers-contact>

SPORTS WHEELCHAIRS AVAILABLE

for use by Tablelands clubs, schools & organisations who have their own indemnity & insurance

* Subject to availability & booking *

Experiences

"This amazing experience not only diversifies and improves sporting skill and ability (for everyone, with or without a disability), it also offers a real/physical understanding of equality"
(Atherton Basketball Association)

"Brings many educational and equity benefits to schooling areas that have had little or no formal support for these opportunities to date. There are multiple, positive experiences that can come from both students and staff accessing equipment and programs for inclusivity across a range of year levels and subject areas" (Mareeba Cluster of 7 Schools 2019)

"We strongly support inclusive sporting equipment based on the Tablelands and programs to help integrate its use. We value the experiences and benefits our students have using the equipment" (MSB 2019)

Usage fee applies to cover costs

Fee contributes to actual cost of sports chair maintenance & coordination.
Costs also subsidised by sponsor partnerships, funding & volunteers.
